Thos. F. Scully will be selected as a member of the State Board of Equalization from the 4th District and Lawyer E. W. Cullen, who is a tax payer and an honorable gentleman will be chosen from the 7th.

Jacob B. Thielen, who was for many years engaged in business on the North side will be honored by the tax payers of Cook county and Chicago by being elected county commissioner. Mr. Thielen is clean and honest and will stand for right and justice.

Congressman Geo. P. Foster will again be returned to Congress from the third district. Congressman Foster up to the present time has made a good record and the people in his district are not in favor of making a change so they will again return him to Con-

Jas. McAndrews will go to Congress from the 4th Congressional District, Wm. F. Mahoney from the fifth, Emil Hoechster from the 6th and Wm. Peacock from the 7th. COOKING VEGETABLES.

Do not let your cook take too thick a rind off in paring potatoes. The best part of the potato is near the skin. See that cucumbers are sliced as

thin as possible, and put cracked ice over them half an hour before they come to the table. Cabbages are better if boiled with

meat. Potatoes should always be boiled separately. Otherwise they are sodden and unpalatable.

On the other hand, turnips should have a thick rind pared off. The turnip has an outer part that destroys the flavor of the whole if not thoroughly removed.

Omions should not be added to a stew, or put in to cook with anything else until they have first been boiled for about ten minutes, and the water thrown away.

City cooks too frequently fail to properly "string" beans before cooking them. This is annoying at the table. Beans are vastly improved by a cream or milk and butter dressing.

To clean celery of the insects often found on it, take a wineglassful of hot water in which a little bicarbonate of soda has been dissolved. Plunge the celery into this after it has been washed. Then cool in ice water before

LONGAVITA

The Tablet of Life. (Pilula At Lomgan Vitam.) The Scientific Discovery of the Age! The Magic Key to the Mystery of Life! From times immemorial it has been man's predominating ambition to prolong Life. But among the many brilhant minds, who have devoted their lives to the fascinating subject. It was left for the immortal Darwin to give to the world, in his great theory of Life, the fundamental principle upon which to build all further research in this direction. Following closely in his footsteps came Prof. Dr. Ludwig Buechner, a German eclentist of international renown, with his remarkable work entitled "Das Buch des Langen Lebens" (the book on Long-evity). But alas, like Darwin he too died, ere he could reap the fruit of his wonderful doctrine. Others however, equally great took up the interrupted thread with the result that two famous German scientists, after years of experiments and research, have at last discovered the secret of Longevity, in the shape of a remarkable Vegetable Compound, which, if properly used, will positively prolong Life. This new remedy, appropriately named "Longavita" (meaning Long Life) has been subject to the most rigid tests at all the leading clinics and hospitals throughout Europe with marvelous results. Appreciating the importance of this discovery, we have acqrired, at enormous cost, the exclusive proprietary right to this truly wonderful preparation, which has proved a blessing to mankind. "Longavita" is the true Tablet of life, a rejuvenator excellence. emmbodying the veritable secret of longevity in a practical, feasible form. It is the fountain of perpetual youth, which it prolongs far beyond its pres-

remedy for old and young of both sexes. Endorsed by Europe's leading #1.00 a box, by mail.
